

# FACIALS

## Dermaplane Facial

£30

Dermaplaning is an advanced exfoliation method which uses a sterile surgical blade to remove excess facial hair and dead skin from the surface of the face.

## Relax and Renew Facial

£30

Leave the skin feeling nourished and glowing while enjoying a relaxing steam facial with a neck shoulder and décolleté massage.

## Raspberry Enzyme Facial

£50

This brightening enzyme contains raspberry seed extract designed to deliver essential antioxidants and brighten the skin. The gentle exfoliation of natural papaya and pineapple enzymes will effectively polish and rejuvenate, resulting in a healthy glow. The Raspberry enzyme facial is most suitable for ageing and sun damaged skin.

## Cocoa Enzyme Facial

£50

This gentle anti-inflammatory enzyme contains natural antioxidants and a sweet cocoa aroma, designed to nourish and boost skin healing for any skin type. The gentle exfoliation of natural papaya and pineapple enzymes will effectively polish and prepare the skin. The cocoa enzyme facial is most suitable for all skin types especially those that suffer with acne, rosacea or sensitive skin.

## Microneedling Facial

£50

Also known as collagen induction therapy, microneedling is a procedure which uses tiny sterile needles to prick the skin, causing the skin to produce more collagen rich tissue. Microneedling can help minimise the appearance of uneven skin tone and texture, acne scarring, pigmentation, fine lines and wrinkles.

## Alpha-beta Chemical Peel Facial

£70

*This peel uses the perfect blend of acids to exfoliate without harshness, irritation or inflammation. A new technology in peeling, clients experience little to no stinging and should not experience any flaking or peeling. The alpha-beta peel is suitable for most skin types, particularly those who have combination and oily skin and are suffering from congestion and breakouts.*

# HydraFacial

## Signature HydraFacial

£90

This 30-minute version of the HydraFacial is for those who are wanting a quick skin fix, it includes the core elements of HydraFacial which are: Deep cleanse and exfoliate, glysal acid peel, extractions and the hydration infusion.

## Deluxe HydraFacial

£120

*HydraFacial is a 6 step facial, the deluxe facial is the complete version and includes:*

- Lymphatic drainage which improves circulation of the lymph system to eliminate toxins and improves skin hydration and reduces puffiness within the skin.
- Deep cleanse and exfoliate removes dead skin to uncover a fresh new layer of skin.
- Glysal acid peel which is a combination of both glycolic and salicylic acid to further resurface the skin and loosen impurities such as black heads.
- Extractions uses vortex technology to painlessly remove debris from the pores.
- Hydration infusion saturates the skin with hyaluronic acid, antioxidants and peptides to nourish, hydrate and protect the skin and achieve the ultimate glow.
- LED light therapy is the final step of the HydraFacial and either red or blue light can be used. Red LED stimulates the production of collagen in the skin whereas blue LED kills acne causing bacteria.

## HydraFacial Booster

£30

Maximise the results from your HydraFacial with a personalised booster treatment chosen to compliment your specific skin concern. There are a range of boosters to choose from which can help treat concerns such as fine lines and wrinkles, pigmentation and boost skin hydration.

## HydraFacial Lip and Eye Perk

£35 Each | £60 Both

Add on lip or eye perk (or both) to your HydraFacial to specifically target these often left out areas. The lip perk gently exfoliates the lips while the targeted serum hydrates and lightly plumps the lips. The eye perk gently removes surface dead skin cells while the serum brightens, tones and firms the outer eye. You will also receive the serums to take away from the treatment and use at home.

## HydraFacial Neck and Décolleté

£80

Add on treatment for the HydraFacial to smooth and rejuvenate the neck and décolleté area. This add on includes the full HydraFacial treatment on the area and also the Epicutis neck and décolleté booster.

# Add Ons

## Dermaplaning

£10

Add on dermaplaning to any facial to enhance your results and remove dead skin and peach fuzz from the surface of the skin.

## Casmara Jelly Mask & Massage

£20

Add on a peel off Casmara jelly mask specifically chosen to compliment your skin type and receive a neck, shoulder and décolleté massage.

## LED Light Therapy

£20

Add on either red or blue LED light therapy to any facial to target fine lines and wrinkles and stimulate collagen production or to kill any acne causing bacteria.

# Electrolysis

## Electrolysis Hair Removal

£20

Treatment Time: 15 Minutes

Electrolysis is a permanent method of hair removal which involves inserting a tiny needle into a single hair follicle and an electrical current passing through the needle. This heats up the surrounding tissue which cauterises the blood supply to the hair, causing the hair to fall out.

## Advanced Electrolysis

£60

Treatment Time: 30 Minutes

Advanced electrolysis is used to remove blemishes such as thread veins, skin tags and milia spots.
